# OKVIR RAZMJENE:

## Zajednički pristup rukovođenja

**Prvo: nastavnici treba da se pokrenu i da dobiju priliku posjetiti i "otkriti" druge škole / VET centre, njihovu svakodnevnicu i mogućnosti.**

**Drugo: učenici bi trebali imati priliku posjetiti zemlje i potencijalne institucije koje će biti domaćini, uz mogućnost da se informišu putem sastanaka , razgovora sa nastavnicima i učenicima**

Za potrebe EUSAIR okvira mobilnosti napraviti će se katalog studijskih posjeta unutar škola/VET centara i kompanija iz partnerskih zemalja.

## Zajednički okvir procjene

S obzirom na činjenicu da razmjena predviđena na inicijativu BLUESKILLS –a uključuje škole ili VET centre za međusobnu razmjenu učenika na periode k od 3 do 6 mjeseci, ishodi učenja u vezi ovog perioda mobilnosti će uglavnom biti jedan set EU ključnih kompetencija .

Za potrebe EUSAIR okvira mobilnost, set zajedničkih procjena ishoda (SST) i ključnih kompetencija EU za cijeloživotno učenje je razvijen.

Bosnia and Herzegovina, abbreviated BiH or BH, and, in short, often known informally as Bosnia, is a country in Southeastern Europe located on the Balkan Peninsula. Sarajevo is the capital and largest city. The most important international sporting event in the history of Bosnia and Herzegovina was the 14th Winter Olympics, held in Sarajevo from 7 to 19 February 1984. Bordered by Croatia to the north, west, and south; Serbia to the east; Montenegro to the southeast; and the Adriatic Sea to the south, with a coastline about 20 kilometres (12 miles) long surrounding the city of Neum. In the central and eastern interior of the country the geography is mountainous, in the northwest it is moderately hilly, and the northeast is predominantly flatland. The island is a geographically larger region and has a moderate continental climate, with hot summers and cold and snowy winters. The southern tip of the country has a Mediterranean climate and plain topography.

Bosnia and Herzegovina is a liberal democracy. It has several levels of political structuring, according to the Dayton accord. The most important of these levels is the division of the country into two entities: Republika Srpska and the Federation of Bosnia and Herzegovina, and one district named Brčko District. There are cantons. They are unique to the Federation of Bosnia and Herzegovina entity, which consists of ten of them. All of them have their own cantonal government, which is under the law of the Federation as a whole. Some cantons are ethnically mixed and have special laws implemented to ensure the equality of all constituent people.

**BLUESKILLS – Plan for visit**

**High School for Tourism management and Hospitality Mostar**

The school's principal – Professor Perkan Pervan, will welcome the visitors.

The visitors will have the opportunity to visit the school, guided by our professors Bernardica Miličević and Ivana Bazina, who will show them the classrooms, cabinets for practical lessons, school restaurant, its kitchen and reception. After visiting the school, its classrooms and restaurant's premises, the Student Council of the school will address the visitors. The Student Council will perform the workshop on the topic "Valorization of touristic potentials in Mostar".

•**The circuit of visit: Herzegovina – Neretva Canton**

Herzegovina – Neretva Canton is the southern part of Bosnia and Herzegovina and it encompasses the area around the Neretva river and the small part of the shore on Adriatic Sea. The centre of the Canton is city of Mostar.

**Description of the circuit:**

Our school is the oldest school in this area that educates the personnel in the area of tourism management and hospitality. Through its rich history, our school has educated 12 000 personnel in the area of tourism management and hospitality in B&H, and it also educates students with disabilities, as a part of its programme. The school is the winner of highest European acknowledgment - the International League of Humanists. The school has achieved significant results at various regional and international competitions, including winning the first place at the European Gastro Competition. It is the first school in B&H with its own business – it is a 100% owner of the Restaurant Europa, where the students have practical lessons, were graded as the best practical lessons in B&H. This restaurant also won a Golden Crown from the Association of Hoteliers, as the best service provider in the country. Based on these experiences and great practice in our school, our students are top ranked at every competition they enter, and are completely equipped and trained for autonomous and independent work. The large percentage of our students solve their working status right after they finish education in this school, which is yet another verification of the high quality of work ethics, education and curriculum, as well as the school employees.

The school is situated in the Herzegovina – Neretva Canton, whose natural and geographical characteristics are very diverse, from fertile fields and pastures, rivers and lakes to hundred years old forests, that give plenty of opportunities for life and economical and agricultural development, as well as economic development through animal farming and wood industry. The northern part of the canton has continental climate, while south is characterized by Mediterranean climate. Ecologically clean and preserved nature, its geographic position and closeness to, as well as good traffic connections with neighbouring Croatia, especially Middle Dalmatia, to whom it economically and traditionally gravitates, are tremendously important factors for Canton's economic prosperity. The city of Mostar is the political, financial and cultural centre of the region.
